High quality replacement parts

Allmakes 4x4 is an authorised dealer for all the leading parts manufacturers in Europe. These include Delphi, Federal Mogul, Bosch and Magneti Marelli. If you require a part from these companies then select a part that ends in 'OE' from www.allmakespsp.com (wholesale) or trade.frogsisland4x4.com (trade) or www.jeepsares.com (retail). Alternatively, a limited range of high quality replacement parts are also available on these sites and the part number for these parts will end with 'R'.

These vehicles share the 'MK' designation as both are built on the 'GS' platform. The only difference between these vehicles is their bodies. Compass models are referred to as Mk 49 and Patriot as Mk 74.

The following engines were fitted to Jeep vehicles in Europe:

Diesel engines

In the EU market, the 2.0 L Volkswagen PD Diesel Engine was replaced by a 2.2 L Mercedes-Benz Twin-Cam Common Rail Diesel engine delivering 163 hp (122 kW) in late 2010.

Petrol engine

2.0L petrol and 2.4L petrol.

Suspension

All Patriots were fitted with freedom drive and were 4WD. In 2011 the Compass received a facelift when a 2.0L petrol with FWD was introduced. Prior to this all Compass vehicles were 4WD.
